

## How to Find the Best University for You

1. Read, “7.List of Fields of Study by Ministry” to confirm your ministry’s Fields of Study. And, consult with your ministry to confirm the most desirable Field of Study and topic for you.

2. Read, “8. List of Universities by Field of Study” to select several universities you wish to apply.

3. Check, university information in CD to examine the syllabus, class details, professors, location and other uniqueness of each university. If any, check on university’s website.

4. Focus on, some universities (not only one) which offer similar research fields you wish to study and compare well. Try to find out professors you are interested in as your supervisor from the faculty list and read his/her papers if possible.

**\*Your prospective supervisor might change into more appropriate supervisor in the selection process.**
